PROJECTS

Womancart.com.au – Shopify Revamp

- Revamped the Shopify store design for womancart.com.au with a CRO-focused approach, improving user experience, engagement, and overall website performance.

Fiponline.org – Custom WordPress Platform Development

- Developed and deployed the complete FIPOnline.org website with custom user registration, authentication, and role-based dashboard functionalities in WordPress.
- Built a tailored login panel and dashboard system based on specific client requirements, enhancing user management and platform accessibility.

BLLUXE – Shopify Store Redevelopment

- Redeveloped the entire BLLUXE Shopify store with a CRO-focused product page structure to enhance user experience and conversion rates.
- Implemented custom templates and advanced features such as FastRR checkout integration, improving overall store functionality and performance.

Beetel.in & ElanLimited.com – Enterprise Website Development

- Contributed to the development of large-scale corporate websites, beetel.in and elanlimited.com, as part of a collaborative development team.
- Assisted in implementing custom WordPress functionalities, responsive layouts, and performance optimizations to deliver scalable and user-friendly web solutions.
